Dear Matt,

There are few individuals who can capture an audience, entertain, and inform in the manner that you do. Your presentation at the New Jersey Peer Institute this year effectively combined comedy with introspective dialogue, and delivered serious subject matter in a way that educated, motivated, and offered hope to everyone from peer educators to faculty and staff to those experiencing negative consequences of substance abuse. Your words illustrate vivid imagery and allow audiences to relate on a very personal level. We are sure that the students, staff members, and administrators from the colleges and high schools that were in attendance will remember your inspirational message for many years to come. Thank you for your time and effort, and we look forward to having you back in the future.

Sincerely,

Joe Hadge, MA, SAC, CPS
