

RADNOR TOWNSHIP SCHOOL DISTRICT
Radnor High School

May 8, 2008

Hi Matt,

I hope this email finds you well! I wanted to first let you know that we are continuing to get TONS of positive feedback from your presentation at Radnor. The kids are constantly talking about it and the parents are also giving a lot of commendations. I really appreciate you coming and working with you has been wonderful. Our 9th graders have developed a "Social Group" as a result of your program. They get together once each week as a club and are planning weekend sober activities. It is absolutely inspiring and I am touched to see the leaders and strong personalities within our school. I think we owe you for the inspiration and I sincerely thank you. The students want to call their group "LEADers" based on your LEAD program. They hope to develop numerous public relations things with the logo on it and wear T-shirts to their events. Is this okay with you if they do use your acronym?

Thanks,

Lynne
